Proposal:

The Oscars Ceremony:

Our Oscars Party package combines fantastic venue dressing using the latest in technology and a great mixture of professional performers and entertainers to make your night unique. We can help you select your venue if you haven't already done so and can liaise with your venue to make sure that they are setup for your event and are aware of all aspects of the event.

We will dress the venue in advance of the show with full size Oscar statue cut-outs, Hollywood actor cut-outs, beautiful LED Uplighters, big screen projectors and fabulous stage set up including an LED wall backdrop and a large sound and lighting system.

As your guests arrive we will have set up at the main entrance with red rope, red carpet and two 1.2m LED flame lights. We will also position two fire performers at the entry point to enhance your guest's arrival experience. There will also be two glamorous models in evening wear meet to greet everyone as they arrive. These hostesses can be used to distribute drink vouchers for example for those going down that route or they can assist your guests get orientated upon arrival.

Once in the foyer we will have an up-close magician performing impressive up-close magic for small groups as he circulates around until your guests are called to main room. We also have available as an add-on option a photo studio set-up complete with backdrop and lighting that can be set-up in the foyer for your guests to have a bit of fun with. The studio section comes with a box of props for your guests to use (you can choose whether or not you would like to use these).

Once your guests are in the main room they can relax and enjoy some background music as they have their food (depending on your food options). After this the "Oscars" will begin. (According to your requested timeline)

The ceremony will be under the control of the Master of Ceremonies. We will be issue the famous statuettes to the winner of each category from the stage.

The stage will be dressed appropriately and will incorporate two eight ft. digital screens. An option that many customers go for is to add in the 6ft balloon columns. These are great for filling a room and can incorporate your company colours. The extra options are listed at the end.

We suggest having a minimum of 10 categories with at minimum 4 nominees for each category. In addition what works really well and helps to incorporate more people into the event is to get two people from staff to present each award. We will assist you in providing pointers for writing the script and selecting the categories. We will also provide you with a PowerPoint for the screens with the nominee names and photos that you provide to us; of course we will work with you every step of the way.

Should you wish to incorporate some speeches into the running order we can help organise that as well. After the main ceremony we will conclude the evening with the MC/DJ playing music until the end of the night.
