Event: Hawaiian Themed Party

Date of Event: TBC

Start / Finish Time: TBC

Location: TBC

Number of guests expected: TBC

Contact:

Proposal:

Introduction:

We will be changing the visual appearance of the venue by adding themed decorations inside and using the latest technology to add an extra dimension to the venue.

We will also create a strong impression outside the venue. As people are arriving they will be greeted by a scene that will tell them immediately that something great is going on here tonight.

We will be using a crew of performers and entertainers on the night and it is important that we get the mix right.

We will also be using a large props package in order to transform the venue on the night.

The Hawaiian Theme Party:

As people are arriving to the venue, they will be able to see two 10 meter tall inflatable sky dancers that will be erected in front of the venue. These will also come into their own later in the evening as they are fitted with internal lighting so that they create a strong presence even at night. In addition we will be placing outside two fantastic fire performers who will create an exciting arrival area for your guests.

As your guests near the front door they will also be greeted by two female hostesses who will be dressed in traditional grass skirts and will be giving everyone who comes through the door a Hawaiian Lei (or other giveaway TBC)*. These girls will also double up by being able to direct people where to go and answer any questions that they may have about the night. We will also be supplying prizes ourselves for the limo games later in the evening.

Once your guests enter the venue they will be able to see the visual changes. We will be using side lighting, LED Graphic panels, sound & light systems and a projector showing great Hawaiian and beach themed visuals.

We will also have background music going from the beginning of the event and we can at this point add some extra performers such as an up-close magician to work the room entertaining little groups of guests at a time, I have included a list of optional extras at the end of this document.

As the place fills up we will have competitions and party games involving the limbo set up and the surf simulator. The girls and the DJ/MC will administer these games which will be fun and create a great atmosphere.

We will have “performances” by the fire-performers and dancers throughout the evening on the dance floor. We will usually alternate between the competitions and the performances. The ladies attending on the night can also get a chance to “Hula” with our dancers, if they want!

Once the games have finished we will then finish with the DJ/MC. If you need time for speeches etc just let us know.
